RE: Greenville County Economic Development Corporation
STB Docket No. AB-490 (Sub-No. 2X)

Dear Madam or Sir:

The South Carolina Department of Health and Environmental Control (DHEC) has received the above referenced Environmental and Historic Report for abandonment of approximately 3.29 miles of rail line in Greenville County. DHEC has reviewed the report and offers the following comments:

- 1) Should any DHEC permits be required by future actions, the property owner or operator should obtain the appropriate permits.
- 2) The property owner is responsible for notifying DHEC of any contamination at the site and for remediation of the contamination. Previous owners/operators may also share this responsibility.

If you have any questions in the future regarding permits needed or contamination requirements, please contact me at (803) 898-3138 or wilsonmd@dhec.sc.gov.

Sincerely,

Shelly Wilson
Permitting and Federal Facilities Liaison
Environmental Quality Control
